About Us

Welcome to Labham polyplast a reliable manufacturer of a wide range of reprocessed PP granules. We manufacture all types of reprocessed granules in both Natural and white as well as multiple colours. We are an organization committed to maintaining the highest levels of quality and adhering to the best manufacturing standards. With the core values of transparency and uprightness, we are building a collaborative platform for ourselves in the market. Our company is facilitated with all kinds of requisites for large production. Our mission is to expand our reach all over the country and become the number one source of reproceesed granules. We aim to spread the distribution network to every nook and corner of the country. We plan to keep expanding our customer base as well as earning the trust of each and every client even in the future.
